

Our Company, places human health above all else, aims to ensure all employees to internalize occupational health and safety and make it a part of their lives.

With this understanding our Company undertakes:

- to prevent possible health problems and injuries arising from our activities and to provide safe and healthy working conditions through technology,
- to fulfill the legal and other requirements that apply to our activities,
- to eliminate occupational health and safety hazards and risks,
- to improve constantly our occupational health and safety management system,
- to ensure the participation of employees within the scope of system operations,
- to increase the awareness of our employees, suppliers and visitors on occupational health and safety,
- to support social responsibility activities in order to increase the awareness of the society on occupational safety.
