OUR MISSION & OUR VISION

OUR MISSION

To be a company that produces products with an understanding that respects the individual, the society, the law, and is sensitive to ethical values and the environment.

OUR VISION

To be a company that is recognized worldwide through its innovative products and **uncommon solutions** in polyurethane systems.

KİMPUR: MORE THAN 40 YEARS OF SUCCESS

Positioned in Türkiye's Top 500 Industrial Enterprises, 'Kımpur' is the polyurethane system house with the largest capacity in the region with a capacity of 141.000 tons in Gebze production facility, 65.000 tons in Düzce production facility and the 25.000 tones of subsidiary firm in Europe. Kımpur aims to achieve a total capacity of 231,000 tons by commissioning the entire Düzce production facility, which currently operates with an active capacity of 30,000 tons, and to become one of the **top ten polyurethane system manufacturers globally**.

Kımpur leads the industry by exporting to **more than 50 countries on 5 continents**. As a hundred percent domestically-owned producer of polyurethane systems in Türkiye, we continue to produce tailor-made, sustainable, innovative, and uncommon solutions for our customers through technology and R&D investments.

Operating with a goal of creating a more livable world and adopting a sustainable business model, Kımpur continues its activities in line with the principles of the UN Global Compact and the Responsible Care® Global Charters.

Kımpur aims to maintain its success and leadership position by prioritizing the satisfaction of its suppliers, customers, and employees.

Kımpur is the **largest capacity polyurethane system house** in the region

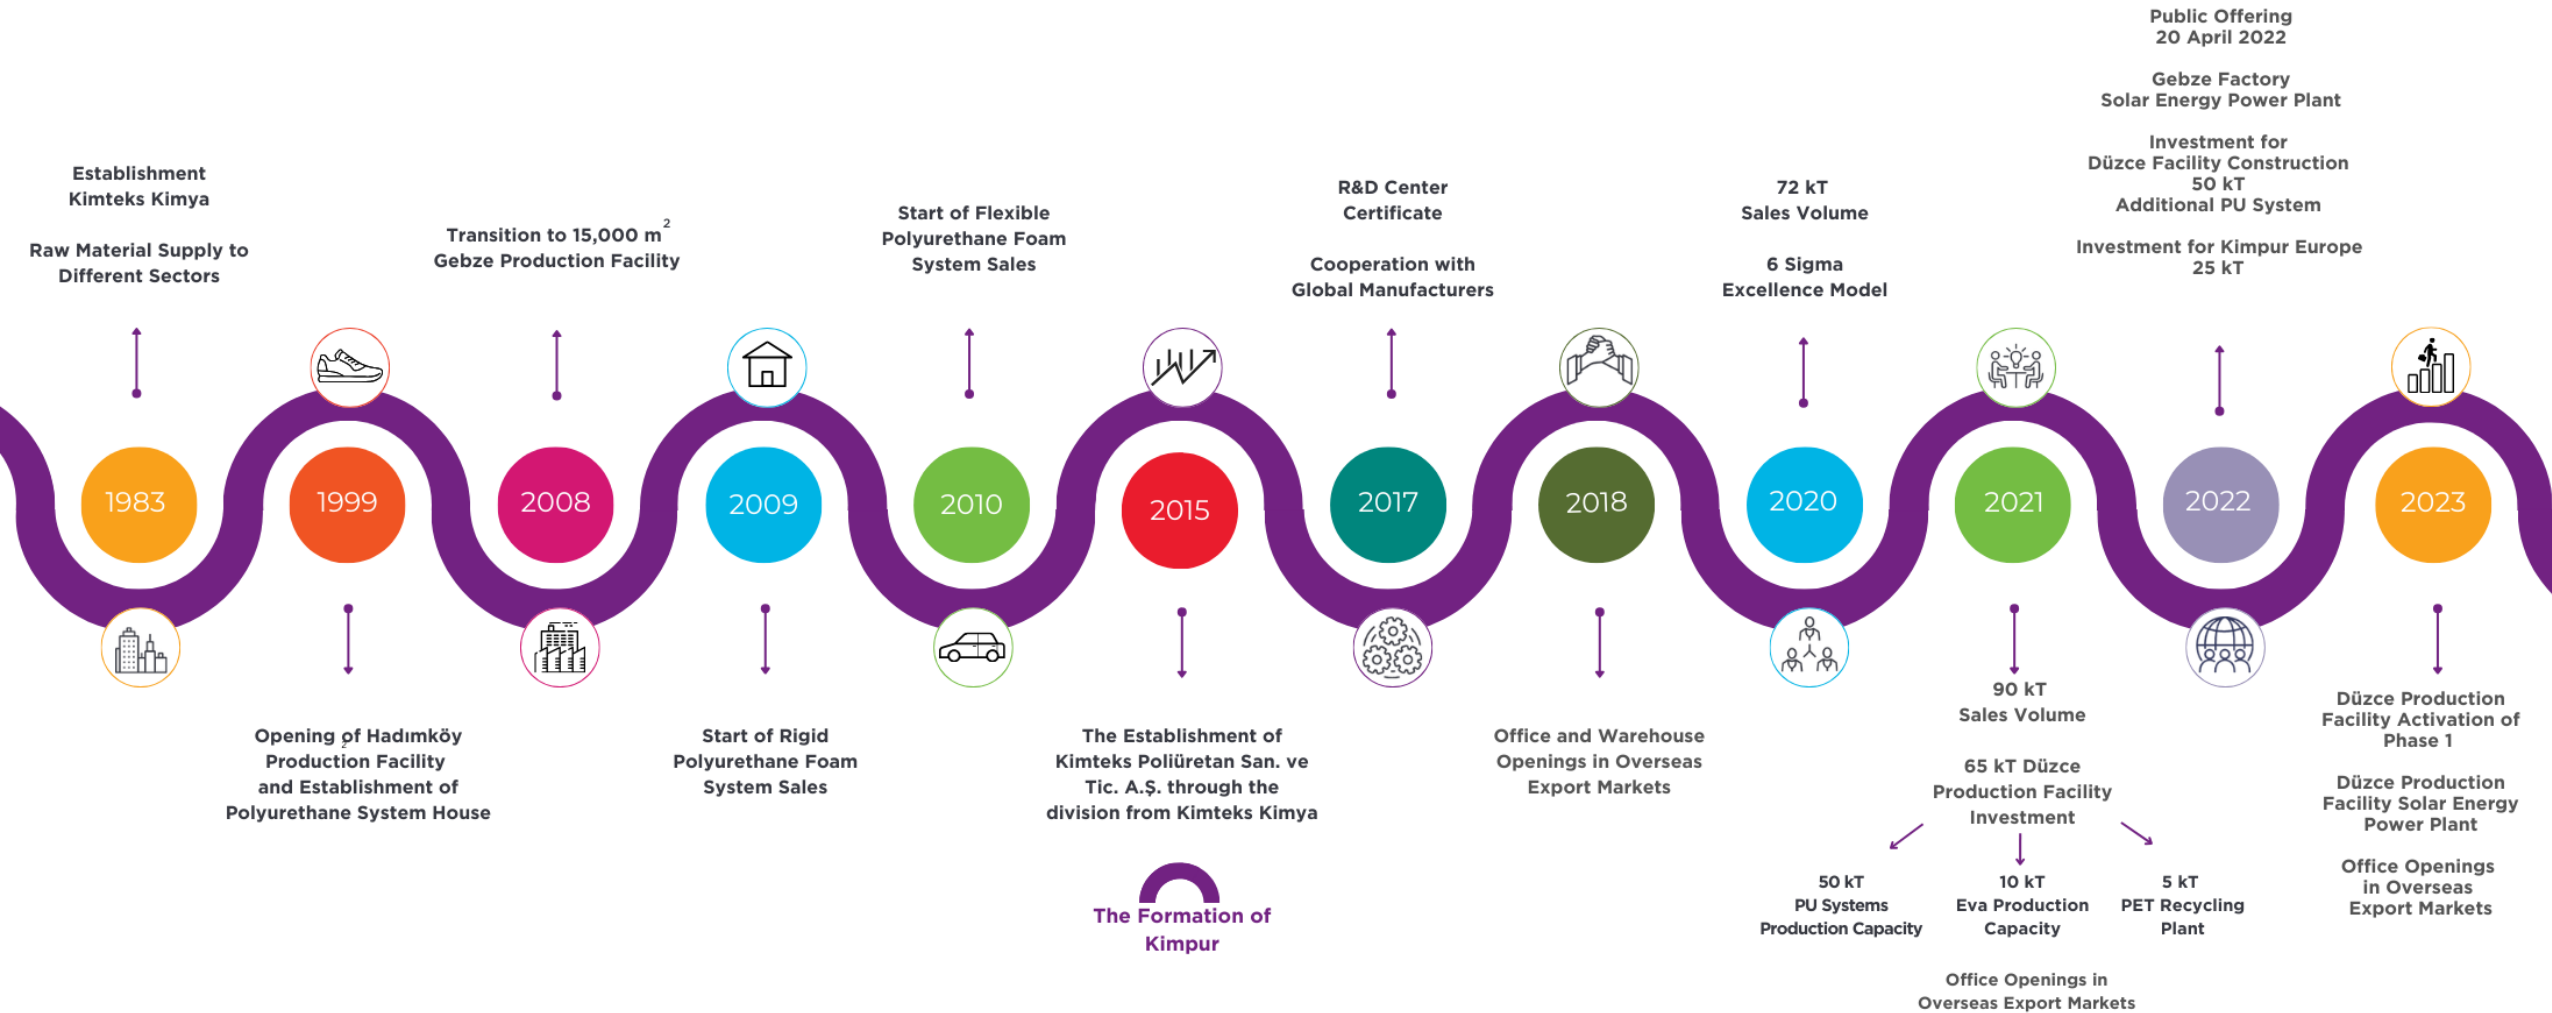

Kımpur holds the **largest procurement volume for polyurethane systems** in the region

Kımpur has the **largest polyester polyol production capacity** in the region

Kımpur, became a public company in April 2022 with the aim of rapid growth in global markets, a stronger corporate structure and financing new investments

UNCOMMON SOLUTIONS IN EVERYDAY LIFE

KiMFOOT[®]

Footwear Systems

KiMfoot[®] Footwear Systems, has a wide range of products and is divided into a variety various groups based on their areas of usage. Based on the unique expectations of each sub-product group, those can be applied using injection or moulding machines.

KiMRIGID[®]

Rigid Foam Systems

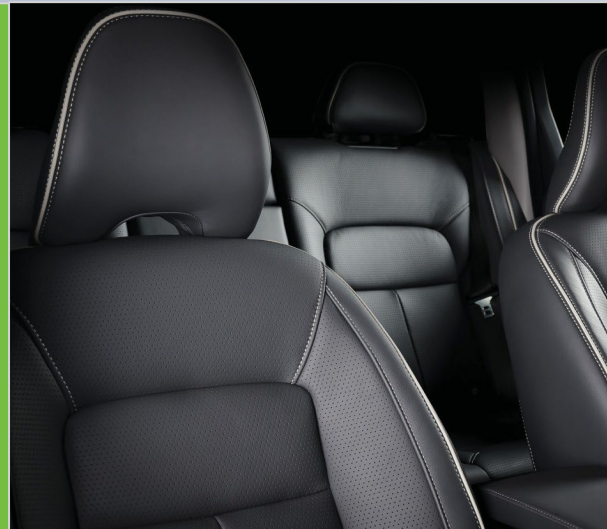

KiMRigid[®] Rigid Foam Systems, designed and manufactured in Kimpur System Facilities, are used in many special and sectoral applications such as sandwich panel production (PIR and PUR), solar panel production, boiler production, pipe insulation, wood imitation applications, refrigerator production, cold room production, and spray applications in buildings.

KiMFLEX[®]

Flexible Foam Systems

Kimpur produces MDI-based KiMflex[®] Flexible Foam and HR Foam Systems. HR foam systems are classified as viscoelastic systems, integral systems and filter systems and are used in different applications in many sectors such as automotive, furniture and sponge.

UNCOMMON SOLUTIONS IN EVERYDAY LIFE

KiMPOL[®]

Polyester Polyols

Kimpur knows that you need a variety of high performance solutions to improve your products. For that reason, Kimpur produces **KiMpol[®] Polyester Polyols** which stem from combinations of multifunctional carboxylic acids & polyhydric alcohols with various molecular weights and functionalities for the best solution to footwear industry (system component).

KiMPLUS[®]

Auxiliary Materials

Liquid colorants designed with mold release agents and suitable binders developed by Kimpur to facilitate the production of polyurethane systems are grouped under the **KiMplus[®] Auxiliary Materials** product group.

KiMCASE[®]

Special Products

Kimpur has a wide portfolio of prepolymers and systems that it h**KiMcase[®] Special Products** as gathered under the group for various CASE applications.

KiMcase[®] Specialty Products are designed for the construction, maintenance and industrial projects and are the result of an innovative technology based on special polymers, developed after many applications.

UNCOMMON SOLUTIONS IN EVERYDAY LIFE

KIMRAW[®]

Raw Materials

Raw materials supplied by Kimpur are gathered under the **Kimraw[®] Raw Materials** product group and are used in many different fields such as polyurethane systems, adhesives, construction chemicals and paints.

OTHER PRODUCTS

THERMOPLASTIC POLYURETHANE (TPU)

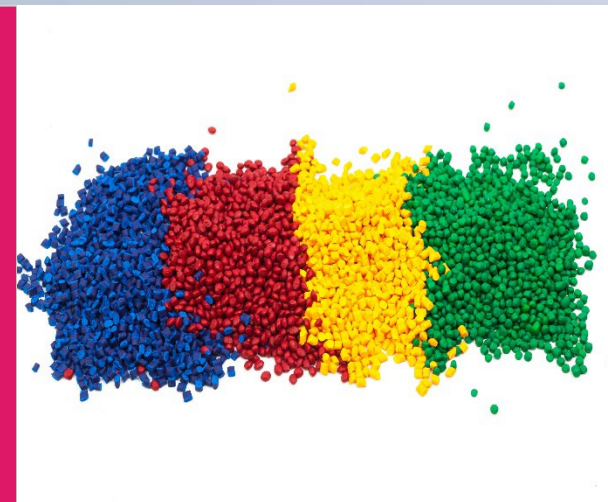

Thermoplastic Polyurethane (TPU) material supplied by Kimpur, is used in many different areas such as wire and cable, hose and tube, film and sheet, adhesives and applications of custom molded parts.

KIMPLAS[®]

Special Compounds

KIMplas[®] products are EVA-based Special Solutions, expandable and cross-linkable compounds modified with elastomers to improve their softness, hardness, capacity and silky soft touch properties according to the demands of our customers.

We Create Values For a Sustainable Future!

As Kimpur, we believe that sustainable growth is not possible without creating environmental and social value. With this awareness, we focus on using our resources with rational approaches that do not harm the environment and support social development and economic growth that will bring prosperity to societies.

SUSTAINABILITY AT KIMPUR

ADDING VALUE TO OUR NATURE

Environmentally Friendly Production Facilities

At Our Gebze Production Facility

~20% Renewable Energy Target with GES Power Plant

At Our Düzce Production Facility

- ~ 55% Renewable Energy Target with SPP Plant
- ~ 679 Ton Carbon Emission Reduction Target
- 5000 Ton Capacity PET Recycling Plant

Environmentally Friendly Office

Leed Certified Head Office

Our Commitments

United Nations Global Compact
Responsible Care®
Business World Plastic Initiative

Nationally and Internationally Recognised Certificates

ISO 50001 Energy Management System
ISO 14001 Environmental Management System
60+ Reach Registered Product Certificate

Our Achievements

BIST Sustainability Index
Synesgy: A Sustainability Score at Excellent Level

ADDING VALUE TO OUR LIFE

Kimpur Code of Ethical Business Conduct

Integrity
Respect for People
Protecting our Planet

Occupational Health and Safety

Carrying out legal compliance and risk assessment activities with our OHS Board
Systematic monitoring of identified risks and corrective actions

Gender Equality

Female Employee Ratio 38%
Male Employee Ratio 62%
(162 According to the Number of White Employees)

Our Commitments

Women's Empowerment Principles (WEPS)

Social Responsibility Projects

Cooperation with Social Responsibility Organizations

Employee Training

3958 Hours of Training in 2023

SUSTAINABLE PRODUCT PORTFOLIO

Polyester Polyol Synthesis from PET Bottle Waste

Eco-friendly slipper raw material production that does not compromise physical and mechanical properties compared to standard systems

~ 20% PET Bottle Waste
~ 17% Bio-Based Raw Materials

The first system in the industry with an elastic structure obtained with PET-based polyol

Graphene Based Sound Insulation and HR Foam Systems Obtained from Automotive Tire Waste

Performance-enhanced systems with Graphene

Energy saving advantage with lighter vehicle production up to 65% improvement in sound absorption with graphene-based sound insulation system

Improved mechanical properties of graphene-based HR foam system

Bio-Based Discontinuous Sandwich Panel System

High functionality bio-based polyol synthesis

30% renewable material content

Environmentally friendly system that does not compromise on technical and mechanical features compared to standard systems

Produced with Environmentally Friendly Blowing Agents Systems

HFO and water-based solar energy and boiler systems

HFO-based spray foam systems

Low carbon emissions with Low Global Warming Potential

SOCIAL RESPONSIBILITY PROJECTS

ADDING VALUE TO OUR NATURE

- Kimpur Memorial Forest
- Coastal Cleanup with our Employees on Environment Day in Cooperation with TURMEPA
- Sapling Donation for Our Employees Every Year on World Environment Day
- Improvements in Our Office Areas to Contribute to Environmental Causes, and Raising Awareness of Our Employees with SKD Türkiye (The Business and Sustainable Development Council)
- Raising Children's Awareness about the Environment by Supporting the Production of Environmentalist Children's Education Sets

ADDING VALUE TO OUR LIFE

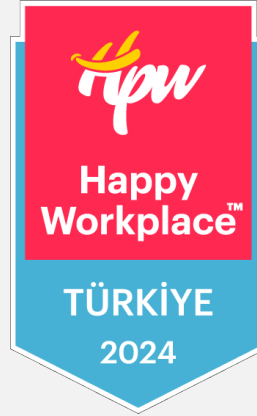

- Scholarship Support for 40 Students in 40th Anniversary
- Cooperation with AHBAP and AFAD during the February 6 Earthquakes in Türkiye
- Hatay Civilizations Choir Concert Sponsorship Supports the Construction of a Kindergarten in Hatay
- Participation in the Network of Companies Against Domestic Violence in Cooperation with BADV
- In the 35th Samsung Bosphorus Intercontinental Swimming Race, we supported children who make a difference in education by collecting donations for the Educational Volunteers Foundation of Türkiye "Faces of the Republic Swim for Education" Campaign.
- At the 45th Istanbul Marathon, we ran with Darüşşafaka Educational Institutions to support the provision of "Equal Opportunity in Education" to more children in the earthquake zone by increasing the capacity of qualified living spaces.
- Cooperation with KEDV (*Foundation for the Support of Women's Work*) on International Women's Day
- Food Support to HAYTAP (*Animal Rights Federation*) for Stray Animals in Winter
